

## **The Power of a Mother's Prayer**

*Parents pray for your children.*

*Mothers' prayers are very powerful before God.*

*Mother Mary's intercessory prayers for us even more so!*

Some foreigners visited El Rancho of "El Alaves", a famous Spanish Bullfighter. At a distance they spotted some fierce bulls grazing within his preserve.

They asked him: Are you not afraid to face those fierce and deadly beasts in the bullfighting ring?

He pointed out inside the room to an old lady with the Rosary beads in her hands praying before an image of Our Lady.

Then he remarked: "You know, the bulls have no mothers to pray for them"
